Style Meets Privacy, Conceal Any Space with a Rolling Barn Door

Double Bifold Barn Door

Rolling Barn Door

Bifold Barn Door

An interior rolling barn door can not only liven up a room and give it a unique personality, but also make efficient use of your available space. If you want the beautiful style and practical design that rolling barn doors offer, Custom Service Hardware is sure to have the best option for your application and budget. We offer six different lines of rolling barn door hardware kits - for the custom look your home needs.

Furniture Rolling Barn Door Hardware

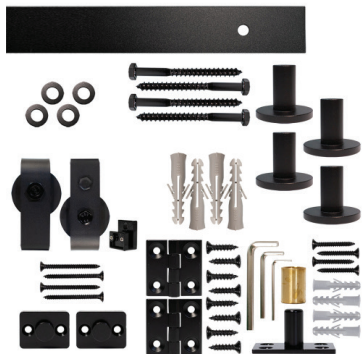

Bifold Barn Door

Want the rolling barn door hardware “look”, but have minimal space? Look no further! Our Bi-Fold Barn Door Hardware Kits give the pleasing aesthetic of normal barn door hardware, but use only a portion of the space! It is perfect for hallway coat closets, bedroom closets, laundry closets, pantries, and so much more. The hardware is easy to install, comes in two different mount styles and three different rail lengths to fit your desired space. There is also a double-door hardware option available in the 6-ft. rail length! Save space without sacrificing style by purchasing your Bi-Fold Barn Door Hardware Kit today.

*Max door thickness - 1 1/2"

Flat Rail Collection

Made in the USA!

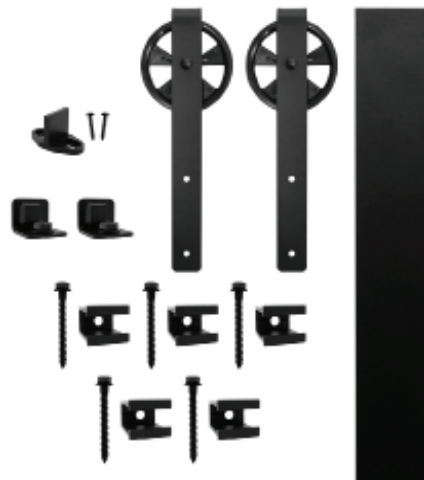

This hardware is Quiet Glide's Premium-quality take on the flat-rail style of rolling barn door hardware. Unlike the competition, we use aluminum rails that are easy to cut to size and give you the ability to drill holes for placing the mounting hardware exactly where you need it.

The minimal contact surface area between the flat rail design and the high-density nylon wheel make for extra quiet operation, and the hardware safely supports a max recommended weight of 250 lbs.

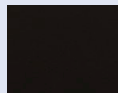

Beautifully traditional yet striking, the simple aesthetics of Quiet Glide's Flat Rail Collection are sure to accent your unique decor!

Each 6' Flat Rail Kit Includes:

- 2 - Straps with Rollers
- 1 - 6' Flat Rail Segment
- 1 - Stop Kit
- 5 - Flat Rail Mounting Brackets
- 1 - Floor Center Guide
- All necessary fasteners

Available Finishes:

Hide-A-Shelf DIY Kit

How can you keep your valuables easily accessible in central, high-traffic areas of your home, yet secure, out of the way of dust and clutter, and out of sight for unexpected visitors? The answer is to conceal your storage space within a tasteful, high-quality piece of home décor and secured by a reliable, discreet, and fast locking mechanism.

Create your own Hide-A-Shelf with our convenient do-it-yourself kit. This kit is designed to work with a shelf 20-28" in length. Kit comes with everything needed to produce our hidden shelf - you choose your own wood and fasteners. Instructions for building included.

SKU	Wood Species
ID.CS-DIY.01.KIT	DIY Kit for 20-28" shelf
ID.CS-DIY.02.KIT	DIY Kit for 20-48" shelf

*Does not include wooden shelf.

The Hide-A-Shelf comes with a motion sensor light, RFID key, RFID Sticker, and foam block.

InvisiDoor Accessories

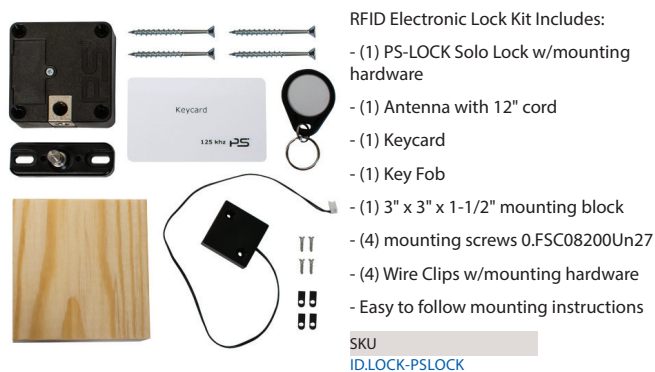

You've seen it in movies and shows, and you've always wanted one. Now you can make it a reality: a secret bookcase door with a hidden locking mechanism! Choose from three discreet locking options, each one thoughtfully designed with safety and convenience features you'll love.

Secret Book Latch

RFID Electronic Lock

This RFID electronic locking system works great with the InvisiDoor hidden door kits. The SOLO lock is used as a locking device not visible from the outside and is operated with a key card or key fob.

The RFID reading range and battery life depends on the technology used and the quality of the key units (cards, fobs, stickers, bracelets) or battery used.

Stealthlock Keyless Lock

An innovative keyless cabinet lock operated by radio frequency technology! No losing keys anymore!

The new InvisiDoor Motorized Latch system adds a unique touch to our already market leading Invisible Door system.

From anywhere in your room surprise your guests by opening up your "wall" with the touch of a button!
