Ladder is topcoated with a high quality 30 sheen conversion finish.

Ordering Note: If you are buying the ladder WITHOUT the rolling ladder kit, you will need one Rung Support Kit (QG.620.08) per step.

NOTE: THIS PART # IS FOR WOOD COMPONENTS ONLY!

8' Ladder includes:

- 2 Side Rails
- 7 Steps
- 1 Top Rung

9' Ladder includes:

- 2 Side Rails
- 8 Steps
- 1 Top Rung

Library Ladder Options

Non-Rolling Library Ladder

We heard from many customers who wanted a movable library ladder that does not roll, so we designed the single adjustable and the double ladder hooks, as well as rubber non-skid feet. The two different top mount styles provide various ladder storage options; while the non-skid feet provide customers with the comfort of knowing their ladder will safely remain in place while the ladder is in use! This new hardware allows you to have the movable (but non-rolling) ladder that's perfect for your unique needs!

Rolling Library Ladder

The Quiet Glide Rolling Library Ladder is a classy way to add functionality to your library, closet, wine cellar, kitchen, pantry or office. With the Rolling Ladder it is all about choice! Our unique ladder rail system is the only kit on the market that offers solid aluminum rails (not hollow tubes) and the unique hardware rollers allow the ladder to be stored in the upright position. All of our Quiet Glide Rolling Ladder parts are machined or manufactured by American craftsmen - from the metal work, to wood work, to the steam-bent handrails! If the stock options are not what you are looking for, we have custom options with up to 11 species of wood that we can cut to match any height up to 10 feet. Add a sophisticated and original touch to your home by ordering the rolling ladder that will work best for your application!

Non-Rolling Ladder Top Mount Styles:

Single Adjustable Hook

Sliding upper guide allows the ladder to be stored in the upright position.

Double Hook

The top hook is for when the ladder is in use, and bottom hook is for storing.

Rolling Ladder Top Mount Styles:

Standard Roller

Has a top and a bottom wheel, keeping the ladder fixed onto the rail.

Rolling Hook

Has only one wheel on the top, so the ladder can be removed easily.

Swivel Roller

Features a built-in swivel, which allows the ladder to be used on curved rails.

Non-Rolling Library Ladders

Made in the USA!

1A Choose Desired Non-Rolling Library Ladder Hardware

Comes with 7 step supports (enough for 8' ladder).

About the Components

Single Adjustable Hook

Sliding upper guide allows the ladder to be stored in the upright position.

Double Hook

The top hook is for when the ladder is in use, and bottom hook is for storing.

Stationary Loft

Ladder can be stored upright and out of the way. Ladder cannot be moved once fixed in place.

Non-Skid Foot

Designed for stationary applications, it will hold the ladder firmly in place.

Each Kit Includes:

- 2 Top Mount Assemblies
- All Necessary Fasteners
- 7 Step Support Rods (Enough for 8' ladder)
- 2 Non-Skid Feet

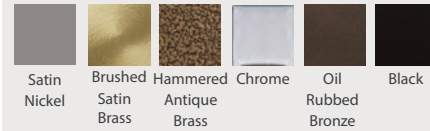

Continue to step two to choose your wood ladder and Non-Rolling Library Ladder remaining components.

Wall-Mounting Bracket for Round Rails

Choose brackets, based on the top roller choice you made (in Step 1). Sold as each. Screws are included. These brackets are used to mount the round rail to the wall. You will need 1 bracket for every 32", or 4 brackets for an 8' rail. Wall brackets must be mounted securely into studs.

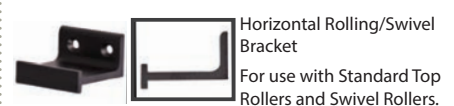

See Page 19 for our NEW Ceiling Mount options that work for both Rolling Ladders and Barn Doors!
