"...and ourselves your servants for Jesus' sake." II Corinthians 4:5b

You have a knack for creating a perfect space. Sometimes that means simply replacing a broken faucet or repairing a crack in a driveway. Other times, you dream of a modern-looking bathroom, a more efficient way to organize the mess of cookware in the kitchen cabinets, or a better way of accessing the highest shelf of the bookcase or pantry.

For over 40 years, Custom Service Hardware has been helping everyone from DIY-minded homeowners to large cabinet shops realize their visions for their homes and projects. We have poured countless hours into creating the best experience for you—providing a wide variety of hardware options, a robust and comprehensive website, the most competitive pricing on the market, informative video guides, and top notch customer service. We'll not only help you find exactly what you need, but also go above and beyond to answer your questions, give you advice, and help you in any other way possible.

CSH will help you take your vision for any project and make it a reality.

Michele Horst, CSH President

WE BELIEVE:

1. That our customers must be given the best possible service.
 2. That we must keep our operating costs as low as possible—to keep your savings as high as possible.
 3. That our business ethics must be consistent with the faith of the owners in Jesus Christ and His Word, the Bible.
- We invite you to write or call our president, Mike Allen. If what we do, does not match what we believe, **we will make it right.**

SHIPPING:

Shipping is quoted at the time the order is placed. All shipments ship direct from the manufacturer to the customer. Orders ship in a variety of ways from ground to box truck to LTL freight. BACK ORDERS:

Sometimes an item(s) from a product line may be backordered by our manufacturer. We will work with the customer to find the best solution by either shipping the complete order, or by separating the stocked items from the backorder. Additional shipping charges may apply for separate orders.

SHORTAGE & CONCEALED DAMAGES:

Shortages and/or concealed damage must be reported as soon as possible within the first 48 hours of receiving. It is expected that all items be inspected upon arrival within that 48 hours to note any damage or shortages so that a claim may be filed.

DAMAGED SHIPMENTS:

Freight Shipments must have a notation of "damage" for any damage claim to be considered. Any other comments are not accepted. It is the purchaser's responsibility to sign the delivery receipt appropriately. Do not install damaged or defective products. Assembly or modification of the products may avoid damage claims. CSH is not responsible for reimbursement of labor. To file a claim, please send an email to service@cshardware.com

RETURN MERCHANDISE AUTHORIZATION:

Please contact your sales rep with questions regarding returns. The returns policy range By manufacturer from no returns to limited returns and depend on the manufacturer and product line. If a return is accepted by the manufacture, return shipping is the responsibility of the customer as well as the products arrival in new condition. Restock fees may apply and vary by manufacturer.

CREDIT

We allow up to 3 weeks to process and issue any credit once return is received and approved.
